Built-in Drawer for Tall Cabinet

What comes standard with cabinetry

According to the production of 100,000 sets of cabinet experience, we've seen what makes homeowners love living in their kitchens so we offer as many of those features as possible at no extra cost.

Drawer with Solid Wood, Fully Concealed Dovetail Joints – blending traditional craftsmanship with modern manufacturing to ensure long-lasting durability. The UV roller coating finish enhances texture and elevates the overall tactile experience.

Standard with concealed soft-closing slides for easy installation and removal; features full-extension drawers with a depth of 500mm, offering spacious storage for more kitchen essentials.

Damping Hinges for American-style Cabinets – GREEN-GUARD certified for indoor air quality, with a lifespan exceeding 200,000 opening and closing cycles.

The front frame is not only aesthetically pleasing but also highly practical. All standard cabinet front frames are raised by 5mm above the base panel, effectively preventing kitchen items from sliding off and avoiding accidental loss.

FRAMELESS CABINETS

What is a European Style (Frameless) Cabinet?

Frameless cabinet construction is a European way of manufacturing cabinets that has become popular among customers seeking simple and more contemporary cabinet designs. Frameless cabinetry is sometimes called "full access cabinet" because it offers greater accessibility by eliminating the face frame. Instead, it relies on thicker box construction for stability. Only full overlay doors can be used, with hinges attached directly to the sides of the cabinet box.

Our European Style line of cabinets offers flat panel door styles with a variety of color selections from solid gloss colors to textured wood grain colors. We use high-quality 3/4" thick solid plywood for cabinet box construction to ensure maximum durability. European Style is great for achieving a more modern, simple yet high-end look in your kitchen and bathrooms.

KLOD products are developed with a strong focus on sustainability and human health. Made from eco-friendly, food-grade materials, they are non-toxic, durable, and safe for long-term use. With high structural strength and excellent performance, KLOD solutions are designed to last — supporting greener spaces and a more sustainable future.

UV STABLE
Color unaffected by sunlight.

SCRATCH RESISTANT
High resistance against scratching.

CHEMICAL RESISTANT
Unaffected by alkaline or acidic products.

EASY TO CLEAN
Non porous and stain resistant.

FROST RESISTANT
Resistant to low temperatures.

HEAT RESISTANT
Resistant to high temperatures.

GREEN
Not printed and 100% natural.

HYGIENIC
Inhospitable to fungi and bacteria.
